Independent Auditors' Report

The Board of Directors
Big Brothers Big Sisters of the Triangle, Inc.:

We have audited the accompanying financial statements of Big Brothers Big Sisters of the Triangle, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Big Brothers Big Sisters of the Triangle, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

December 31, 2020 and 2019

(1) Operations and Summary of Significant Accounting Policies

(a) Organization

Big Brothers Big Sisters of the Triangle, Inc. (the “Organization”) is a nonprofit corporation organized under the laws of the state of North Carolina. The Organization’s purpose is to provide wholesome relationships for children primarily of single parent homes in need of a secondary, adult role model. Under the direction of the Organization, the volunteers will help provide companionship and guidance; moral, psychological, and intellectual support; and general recreational activity. The Organization is supported primarily through donor contributions, grants, and fundraising. The Organization operates out of one location in Morrisville, North Carolina.

(b) Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all unrestricted highly liquid investments with an initial maturity date of three months or less to be cash equivalents. The Organization may occasionally maintain deposits in excess of federally insured limits. Uninsured amounts totaled \$517,257 and \$252,562 as of December 31, 2020 and 2019, respectively. The Organization has not experienced any losses in such accounts.

(c) Property and Equipment

Property and equipment are recorded at cost if purchased or at estimated fair value at the date of the gift, if donated, less accumulated depreciation and amortization. Maintenance and repairs are expensed as incurred. Gains or losses on dispositions are included in the statements of activities. Purchases of \$500 or more are capitalized and depreciated using the straight-line method over the estimated useful lives, which range from 5 – 7 years.

(d) Beneficial Interest in Assets Held by Others

The Organization’s beneficial interest in assets held by others is valued at fair value, as provided by the other party and determined using the fair value of the underlying assets at the valuation date. Changes in the fair value of the beneficial interest are recognized in the statements of activities.

Due to the level of risk associated with certain underlying fund assets, it is reasonably possible that changes in the values of investment securities held by the funds will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position and activities.

(1) Operations and Summary of Significant Accounting Policies, Continued

(e) Contributions and Grants

Contributions and grants received are recorded as net assets with donor restrictions or net assets without donor restrictions depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give, that is, those with a measurable performance or other barrier and a right of return, are recognized when the conditions on which they depend are substantially met. Unconditional promises to give due in the next year are recorded at their net realizable value. Unconditional promises to give due in subsequent years are reported at the present value of their net realizable value using a risk adjusted discount rate. When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. The Organization reports contributions with donor-imposed restrictions that are met in the same accounting period as net assets without donor restriction support.

A portion of the Organization's revenue is derived from cost-reimbursable contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions.

The Organization performs an evaluation of the collectability of unconditional promises to give and records an allowance for doubtful accounts. Unconditional promises to give are written off after collection efforts have been pursued in accordance with the Organization's policies and procedures. Included in unconditional promises to give on the statements of financial position as of December 31, 2020 and 2019 is \$45,722 and \$180,221 of grants receivable, respectively. Additionally, 61% and 26% of unconditional promises to give is due from one grantor as of December 31, 2020 and 2019, respectively.

(f) Donated Assets and Services

In-kind contributions of services, materials, or facilities that meet the recording criteria as defined by accounting guidance are recorded at their estimated fair market value on the date of the donation. Such contributions are recorded as in-kind contributions and a corresponding expense on the statements of activities. The Organization recognizes the fair value of contributed services received if such services a) create or enhance nonfinancial assets or b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not contributed. Volunteers and members of the community perform various services for the Organization, and these services are significant and form an integral part of the efforts of the Organization. The Organization does not control the activities of the volunteers as it would paid employees, and there is not a clear measurable basis for an amount of contributed services rendered as a contribution and a corresponding amount as an expense. During 2020 and 2019, the Organization received approximately 75,000 and 84,500 volunteer hours, respectively (unaudited).

(g) Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions. As discussed in note 9, the Board of Directors has designated, from net assets without donor restrictions, net assets for beneficial interest in the Brenda Boyd Big Brothers Big Sisters Scholarship Fund.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

(h) Functional Classification of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expense by function. The financial statements report certain categories of expense that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied.

All expenses except for activities expense and bad debt expense are allocated on the basis of estimates of time and effort.

(i) Income Taxes

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and is classified as a publicly supported organization. During 2020 and 2019, the Organization did not have income subject to taxation as unrelated business income.

The Organization evaluates any uncertain tax positions. Accordingly, the Organization's policy is to record a liability for any tax position taken that is beneficial to the Organization, including any related interest and penalties, when it is more likely than not the position of management with respect to a transaction or class of transactions will be overturned by a taxing authority upon examination. Management does not believe any significant income tax uncertainties exist as of December 31, 2020 or 2019.

(j) Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from estimates.

(k) Selected Recent Accounting Pronouncements

The FASB has issued Accounting Standards Update (“ASU”) 2016-02, *Leases*, which, among other things, requires the recognition of lease assets and lease liabilities by lessees, including for those leases classified as operating leases under previous GAAP, along with the disclosure of key information about leasing arrangements. ASU 2016-02 is effective for the Organization for the year ended December 31, 2022.

The FASB has issued ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets (ASC 958)*. This ASU enhances presentation and disclosure requirements for gifts-in-kind but does not change the recognition and measurement requirements for such contributions. ASU 2020-07 is effective for the year ended December 31, 2022.

Management is in the process of assessing the impact of these new accounting standards.

(2) Liquidity and Availability of Resources

The Organization is partially supported by restricted contributions and grants. Because a donor’s restriction requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities to its donors. Thus, certain financial assets may not be available for general expenditure within one year. The Organization considers all expenditures related to its ongoing activities to support the mission to be general expenditures. As part of the Organization’s liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

The following reflects the Organization’s financial assets as of the statement of financial position date, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the statement of financial position date.

(2) Liquidity and Availability of Resources, Continued

	<u>2020</u>	<u>2019</u>

Financial assets available to meet general expenditures within one year	\$ <u>835,640</u>	<u>834,242</u>

In addition to financial assets available to meet general expenditures over the next 12 months, the Organization operates with a balanced budget and anticipates collecting sufficient revenue, primarily through contributions and fundraising events, to cover general expenses. In addition, the Organization can utilize a line of credit with borrowings up to \$50,000 (see note 3).

(3) Line of Credit

The Organization has a \$50,000 line of credit with a local bank which is collateralized by all accounts, including receivables and equipment, and all proceeds and products of the foregoing and expires on September 10, 2021. Interest is due monthly at the bank's prime rate (3.25% and 4.75% as of December 31, 2020 and 2019, respectively) with a minimum of 4.25%. Principal and remaining interest are due at maturity. There was no outstanding balance as of December 31, 2020 and 2019.

(4) Paycheck Protection Program Loan

In May 2020, the Organization received funding from the Small Business Administration under the Paycheck Protection Program ("PPP"), which authorizes forgivable loans to small businesses to pay their employees during the COVID-19 crisis (see note 10). This funding, in the amount of \$107,000, will be forgiven if the proceeds are used for payroll and certain other allowed costs over a 24-week period and certain other conditions are met. The funding accrues interest at 1% and is due in 2 years from origination if not forgiven.

The Organization subsequently met the eligibility criteria for forgiveness and concluded that the funding represented, in substance, a conditional grant. The Organization spent \$107,000 on expenses eligible for reimbursement and recognized this amount in income during 2020, along with accrued interest expected to be forgiven of \$703.

The loan was subsequently forgiven by the lender in January 2021.

(5) Leases

The Organization leases a copier under a capital lease agreement expiring in 2022. The asset is recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The asset is amortized over the lesser of its related lease term or its estimated productive life. Amortization of the asset under the capital lease was \$1,240 during 2020 and 2019.

Equipment held under capital lease and the related accumulated amortization is as follows:

	<u>2020</u>	<u>2019</u>
Equipment	\$ 6,199	6,199
Less accumulated amortization	<u>(3,100)</u>	<u>(1,860)</u>
	<u>\$ 3,099</u>	<u>4,339</u>

Future minimum lease payments under the capital lease are as follows:

<u>Year ending December 31,</u>		
2021		\$ 2,495
2022		<u>1,247</u>
Total minimum lease payments		3,742
Less amount representing interest (8.9%)		<u>(693)</u>
Present value of net minimum capital lease payments		3,049
Less current maturities		<u>(1,894)</u>
Obligation under capital lease less current maturities		<u>\$ 1,155</u>

The Organization also leases office space under a non-cancellable operating lease agreement, which was extended in January 2020 and now expires on August 31, 2025. The Organization records rent expense for this lease, which has escalating rent payments over the term of the lease, on a straight-line basis over the effective lease term. For tenant lease incentives, the Organization records a deferred rent liability at the inception of the lease term and accretes the deferred rent over the term of the lease as a reduction to rent.

Rent expense during 2020 and 2019 was \$89,288 and \$75,705, respectively.

Future minimum lease payments under the non-cancellable operating are as follows:

<u>Year ending December 31,</u>		
2021		\$ 97,880
2022		100,816
2023		103,840
2024		106,956
2025		<u>72,900</u>
		<u>\$ 482,392</u>

(6) Fair Value Measurements

Fair values for assets measured on a recurring basis are as follows:

		<u>Fair value</u>	Significant other observable inputs (Level 2)
<u>December 31, 2020</u>			
Beneficial interest held at Triangle Community Foundation	\$	<u>259,118</u>	<u>259,118</u>
 <u>December 31, 2019</u>			
Beneficial interest held at Triangle Community Foundation	\$	<u>224,099</u>	<u>224,099</u>

All assets have been valued using a market approach. Financial assets valued using level 1 inputs are based on unadjusted quoted market prices within active markets. Level 2 inputs are those inputs that are observable, either directly or indirectly, for the assets or liability other than quoted prices included in level 1. The Organization considers its investments held at Triangle Community Foundation to be level 2 because they are invested in various portfolios managed by the Foundation and not individually held by the Organization. Level 3 inputs are unobservable and apply only when there is little or no market activity for the asset or liability. There were no changes in the valuation techniques during the current year.

The Organization recognizes transfers of assets into and out of levels as of the date an event or change in circumstances causes the transfer. There were no transfers between levels during 2020 and 2019.

(7) Beneficial Interest in Assets Held by Triangle Community Foundation

Brenda Boyd Big Brothers Big Sisters Scholarship Fund

During 2014, the Organization established a non-endowed agency fund at Triangle Community Foundation known as the Brenda Boyd Big Brothers Big Sisters Scholarship Fund. The fund is held and invested by the Foundation for the benefit of the Organization and is reported at fair value in the statements of financial position, with distributions and changes in fair value recognized in the statements of activities. See note 9.

BBBST Endowment

During 2018, the Organization established an agency endowment fund that is perpetual in nature at Triangle Community Foundation. The Organization granted variance power to Triangle Community Foundation, which allows it to modify any condition or restriction on its distributions for any specified charitable purpose or to any specified organization if, in the sole judgement of the Triangle Community Foundation's Board of Directors, such restriction or condition becomes unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community. A change in circumstances such as dissolution of the Organization or revocation of its tax-exempt status are examples of events that can prompt the exercise of this variance power. The endowment was established for the support of the mission of the Organization, and includes one donor-restricted endowment fund, the BBBST Endowment Fund (the "Fund"). The Fund is held and invested by Triangle Community Foundation for the benefit of the Organization and is reported at fair value in the statements of financial position, with distributions and changes in fair value recognized in the statements of activities.

Interpretation of Relevant Law

The Board of Directors of the Organization has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization retains in perpetuity (a) the original value of gifts donated to the endowment, and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

The following factors are considered in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Organization and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Organization
7. The investment policies of the Organization

Return Objectives and Risk Parameters

Triangle Community Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for a donor-specified period.

Spending Policy

Under Triangle Community Foundation's spending policy, a percentage of the Fund, currently 5% annually, is available for distribution in accordance to the Organization's purposes. The spending allocation is calculated on the average balance of the Fund over 13 trailing quarters or such shorter period of time as the Fund has been in existence. The Triangle Community Foundation's Board of Directors exercise final approval of distributions from the Fund by vote at its quarterly board meetings.

Strategies Employed for Achieving Objectives

While the investment of Organization funds may vary according to their purpose and restrictions, certain general principles shall govern the investment of all Organization funds, as follows: only those costs that are appropriate and reasonable under the circumstances shall be incurred in the management of Organization funds; reasonable effort shall be made to verify the facts relevant to all investments; and one or more funds of the Organization may be pooled for investment purposes.

Endowment net asset composition as of December 31, 2020 is as follows:

<u>BBBST Endowment Fund</u>	<u>Without donor restrictions</u>	<u>With donor restrictions</u>	<u>Total net endowment assets</u>
Original donor-restricted gifts in perpetuity	\$ -	225,000	225,000
Accumulated investment gains	-	40,230	40,230
	<u>\$ -</u>	<u>265,230</u>	<u>265,230</u>

Endowment net asset composition as of December 31, 2019 is as follows:

<u>BBBST Endowment Fund</u>	<u>Without donor restrictions</u>	<u>With donor restrictions</u>	<u>Total net endowment assets</u>
Original donor-restricted gifts in perpetuity	\$ -	225,000	225,000
Accumulated investment losses	-	12,049	12,049
	<u>\$ -</u>	<u>237,049</u>	<u>237,049</u>

Funds with Deficiencies

From time to time, the fair value of assets associated with the donor-restricted endowment fund may fall below the level that UPMIFA requires to retain as a fund of perpetual duration. Such deficiencies are reported in net assets with donor restrictions. There were no such deficiencies as of December 31, 2020 and 2019.

(9) Board Designation

The Organization's Board of Directors has designated, from net assets without donor restrictions, \$23,888 and \$22,050 as of December 31, 2020 and 2019, respectively, for the Brenda Boyd Big Brothers Big Sisters Scholarship Fund.

(10) Impact of COVID-19

In March 2020, the World Health Organization declared the global novel coronavirus disease 2019 (COVID-19) outbreak pandemic. The extent of COVID-19's effect on the Organization's operational and financial performance will depend on future developments, including the duration, spread and intensity of the pandemic, all of which are uncertain and difficult to predict considering the rapidly evolving landscape. As a result, it is not currently possible to ascertain the overall impact of COVID-19 on the Organization's operations, financial condition and cash flows.

(11) Subsequent Events

On March 4, 2021, the Organization received a second PPP loan totaling \$100,700.

The date to which events occurring after December 31, 2020, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is May 18, 2021, the date the financial statements were available to be issued.
