BARRON DAMON

Barron Damon, Vice President of Partnership Development, began his journey with Big Brothers Big Sisters of the Triangle in 2006. Over the past 16 years Barron has brought his leadership, creativity, and coaching skills to keep the agency connected to the community and has always centered his work on empowering our youth. Please join us in thanking Barron for his 16 years locally and over 20 years across the Big Brothers Big Sisters network. Though Barron is retiring from his career with the agency this month, he has assured us he will continue to be a champion in the community for Big Brothers Big Sisters of the Triangle.

"My time at Big Brothers Big Sisters has been filled with so many incredible moments. I have had the privilege of working with and interacting with some incredible people over the years. I have seen thousands of young people's lives changed for the better forever. I love the power of mentorship because it can have a generational impact on young people, their families and volunteers."
